NORDIC

## Opal Pendant

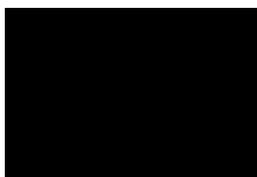

The Opal Pendants were originally designed in the 1950s by Svend Aage Holm-Sørensen, who is a real pioneer in Nordic light design and who was very fond of working with opal glass. Opal is characterised by the matt glass where the outer layer has been sand-blasted to create a special calm without reflections.

Opal Pure is a variant created from the beautiful Opal Shade. When choosing the Opal, you are offered exceptional flexibility, as it can be used both with and without a shade. Without the shade, Opal Shade becomes Opal Pure, creating a clean and elegant look. When adding the shade you get the captivating Opal Shade, and you can choose between several classic exclusive silk matt colours for a durable surface.

**Product name:** Opal Shade / Opal Pure  
**Designer:** Svend Aage Holm-Sørensen  
**Design year:** 1959  
**Furniture type:** Pendant  
**Launched:** 2018 / 2024

## MATERIAL DETAILS

**Base:** Sand-blasted opal glass.  
**Shade:** Lacquered steel.  
**Cord:** Textile.

## DIMENSIONS

**Diameter:** 18/45 cm  
**Height:** 17 cm  
**Weight:** 1 kg/1,5 kg  
**Cord length:** 300 cm

## PACKAGING

**Amount of packages:** 1  
**Box dimensions:** H35 x L46 x D46 – 0,0740 m<sup>3</sup>  
**Box weight:** 3,5 kg

## SPECIFICATIONS

Fabric cord: 300 cm  
Cord colours: black noir, warm white  
Canopy colours: matches the shade colour  
E27 max 25W  
Energy A++-A  
Voltage 220-240V  
We recommend the use of LED bulb.  
Assembly required.

## ENVIRONMENT

High quality materials for high durability.  
The lamp does not exceed the limits described by the EU in REACH, which protects people and the environment against the risks posed by chemicals. The lamp is shipped with sustainable Mærsk ECO fuel ships that use green fuels instead of fossil fuels, which ensures responsible transport. When disposed of, the lamp can be separated into several different parts for an easier sorting of waste. Recycling of materials is possible. The lamp is WEEE-registered, so it is possible to reuse and recycle the electrical parts of the lamp. All packaging material can be recycled.
