

WARM
NORDIC

Bloom Pendant

An exquisite pendant with a rigorous design, designed in the 1950s by the internationally acclaimed grand master of Danish lighting design, Svend Aage Holm-Sørensen. The combination of a metal shade and simple idiom ensures a light appearance and beautiful direct light. One particularly elegant detail is the solid brass ring that tops off the classic look. The pendant comes in two versions. There is a self-coloured model that offers beautifully simple lighting, and a more eye-catching stripy model. It is a sophisticated design statement that comes across just as vibrant and tasteful as it did when it first appeared in the 1950s.

The lamps come in Warm Nordic's exclusive silky matt quality paint, which guarantees an extraordinarily beautiful and durable surface.

Product name: Bloom Pendant
Designer: Svend Aage Holm-Sørensen
Design year: 1950
Furniture type: Pendant
Launched: 2018

KEY FACTS

- Classic, timeless design
- Solid brass
- Playful design combined with sharp lines
- Vintage community
- Silky matt lacquer - less receptive to fingerprints

MATERIAL DETAILS

Shade and base: Solid steel with silky matt lacquer. Solid brass.
Cord: Textile.

DIMENSIONS

Diameter: 30 cm
Height: 24 cm
Weight: 1,2 kg
Cord length: 300 cm

PACKAGING

Amount of packages: 1
Box dimensions: H35 x L35 x D29 – 0,0355 m³
Box weight: 1,6 kg

SPECIFICATIONS

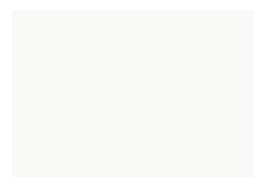

Fabric cord: 300 cm
Cord colours: black noir, warm white
We recommend the use of LED bulb
E27 max 25W
Energy A++-A
Voltage 220-240V
Assembly required.

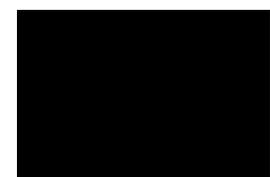

ENVIRONMENT

High quality materials for high durability.
The lamp does not exceed the limits described by the EU in REACH, which protects people and the environment against the risks posed by chemicals.
The lamp is shipped with sustainable Mærsk ECO fuel ships that use green fuels instead of fossil fuels, which ensures responsible transport.
When disposed of, the lamp can be separated into several different parts to make the sorting of waste easier.
Recycling of materials is possible.
The lamp is WEEE-registered, so it is possible to reuse and recycle the electrical parts of the lamp.
All packaging material can be recycled.
