

# SILK.

Designer: Frandsen Design Studio

## PENDANT.

The Silk pendant is inspired by the delicate white cocoon of the silkworm hanging from a blade of grass and swaying in the wind. With the beautiful moth waiting to emerge.

The glass shade has a rounded shape, forming a sharp contrast to the elegant lamp's clean-lined brass suspension fitting.

The matt white surface of the glass and its organic shape gives the lamps a silky-soft look. The delicate suspension on the pendant lamps creates an extended spatiality, so the glowing cocoon appears to float in the air.

A perfect lamp for adding ambiance to any room, and as a complement to the Nordic universe or to brighten up a richly coloured eclectic décor. The SILK pendant lamps can be hung up high or low. Individually or grouped together.
